

ASHMIT PANDEY

Virar, Maharashtra, India | +91 8874409773 | pandeyashmit299@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Entry-level IT professional with a B.E. in Artificial Intelligence & Machine Learning and internship experience in SQL, Python, Excel, application workflows, and documentation. Skilled in database querying, troubleshooting, data validation, and software testing. Strong analytical and problem-solving abilities with a keen interest in Application Support and Banking Technology.

CORE SKILLS

Database & SQL: SQL, MySQL, PostgreSQL, JOINS, Subqueries, CTEs, Window Functions, Aggregate Functions, Views, Stored Procedures, Data Validation, Query Optimization

Programming: Python, OOP, Pandas, NumPy, File Handling, Exception Handling, Automation Basics, BeautifulSoup

Application Support: SQL Querying, Troubleshooting, Data Validation, Incident Analysis, Functional Testing, Documentation

Excel & Reporting: Microsoft Excel, Pivot Tables, XLOOKUP, VLOOKUP, Conditional Formatting, Data Cleaning, Reporting

Software & Tools: Git, GitHub, VS Code, Jupyter Notebook, Google Colab, CSV, Google Sheets

Professional Skills: Problem Solving, Analytical Thinking, Team Collaboration, Documentation, Time Management, Attention to Detail

PROJECTS

Supply Chain Business Transformation Analytics Dashboard | Power BI, Power Query, DAX, Excel Jun 2026 - Jun 2026

Technologies: Power BI, SQL, Power Query, DAX, Excel

- Designed and developed an enterprise-style supply chain analytics dashboard covering sales, profitability, customer behavior, product performance, delivery analysis, and operational KPIs.
- Developed SQL queries for data extraction, validation, and transformation before dashboard development.
- Built interactive dashboards with dynamic filtering, drill-through pages, KPI cards, and business insights.
- Power Bi Dashboard Git Link:- <https://github.com/Ashmit-299/Supply-Chain-Business-Transformation-Dashboard.git>

Olist Brazilian E-Commerce Analytics Dashboard | Power BI, SQL, Excel, Data Modeling May 2026 – May 2026

Technologies: SQL, Power BI, Excel, Power Query

- Developed SQL queries to analyze sales, customers, products, and delivery performance.
- Cleaned and transformed multi-table datasets using SQL and Excel.
- Created an interactive Power BI dashboard for business insights.
- Power Bi Dashboard Git Link:- <https://github.com/Ashmit-299/Olist-Brazilian-Ecommerce-Analytics-Dashboard.git>

PROFESSIONAL EXPERIENCE

10xGrowth | Data Analytics Intern Feb 2025 - Jul 2025

- Collected, cleaned, validated, and transformed structured datasets using SQL, Excel, and Python.
- Performed data quality checks including duplicate detection, missing value analysis, and consistency validation.
- Developed Python scripts for web scraping and automated data collection.
- Collaborated with team members to improve workflow efficiency and documentation quality.
- Assisted in troubleshooting data-related issues and ensuring data accuracy across multiple datasets.

Blackhole Infiverse | AI Intern Aug 2025 - Mar 2026

- Analyzed business requirement documents and converted functional requirements into structured technical workflows.
- Worked with Python-based AI applications for testing, validation, debugging, and workflow execution.
- Performed functional testing and validation to ensure application accuracy and expected behavior.
- Investigated workflow issues and collaborated with development teams to resolve functional problems.
- Created technical documentation, validation reports, and implementation notes.
- Assisted in integrating multiple application modules into unified workflows.

CERTIFICATIONS

Introduction to Data Science - Infosys Springboard, Aug 2024

Introduction to Natural Language Processing - Infosys Springboard, Aug 2024

Google Cloud Career Launchpad - Cloud Engineer Track, Apr 2025

AWS Academy Cloud Architecting - AWS Academy, Apr 2025

EDUCATION

Universal College of Engineering, Mumbai University | B.E. in Artificial Intelligence and Machine Learning | GPA: 7.93

ABS International School (CBSE) | HSC - PCM: 68.3% | SSC - Mathematics: 75.2%
